THE WINNERS RECEIVED cash and trophies for the best-decorated windows in the window-painting contest sponsored by the Chamber of Commerce for Halloween. Earl Stringer, chairman, presenting trophies to Wendy Jensen, Janet Strahan, and Judy Miao, seventh grade pupils from Antioch Grade School, and Linda Herman, Carol Westlund, Diane Crandall and Beverly Tschert, eighth grade pupils from A.G.S.

## Win Halloween Picture Contest

The judges had a hard time selecting winners in the Halloween window painting contest sponsored by the Chamber of Commerce, but finally selected four from the several original and well-done paintings.

Cash prizes were given to the winning pupils. In addition, they were presented with trophies to be presented to the schools they represented.

First prize went to three seventh-grade girls from Antioch Grade School—Wendy Jensen, Janet Strahan and Judy Miao. Each received \$4.00. They painted the window of the Chatterbox restaurant on Lake St. The picture was the gubernatorial Goblins. Campaign matters engrossed many of the pupils. The painting on the north window of the store formerly occupied by Towne Variety

on Main St., a Halloween scene, took second place. Eighth grade pupils from Antioch Grade School, Carol Westlund, Diane Crandall, Beverly Tschert and Linda Herman each received \$3.00 for this painting.

Third prize went to two pupils from St. Peter's School—Vicki Morrison and Amy Lubkeman. "Witches Night Out", on the window of the N-Cue Billiard Parlor, was the name of their Halloween painting. The girls received \$2.00 each.

Fourth prize was the "Headless Horseman", on the window of Shoes by George. Seventh grade pupils from Antioch Grade School, Jennifer Albrecht, Barbara Druse and Cheryl Woller painted this window. Each received \$1.00.

## Legion Post 748 to Hold Services

Members of American Legion Post No. 748 will remember their dead comrades with services at Hillside Cemetery in Antioch at 11 a.m. on November 11, and an annual get-together and Open House at the American Legion Hall in the evening.

The Open House at the Legion Hall on Ida Ave. in Antioch will start at 6:30 p.m. with a potluck supper. In charge of the evening get-together are Bernard Stadick and William Carrick.

## Village Board Ok's License For Laundry

Mr. and Mrs. Conrad W. Mueller, Rt. 1, Spring Grove, Ill., were given permission by the Village Board Tuesday night to install a coin-operated laundry in the shopping plaza on Orchard St.

The application for permission for the license to operate was made by Mrs. Mueller's son, William G. Clextion. The self-service laundry will occupy space in the building next to the A & P store in the plaza, now under construction.

The village board granted the license with the provision that the new business must conform to rules for operation of such laundries contained in the village ordin-

ance. One provision is that an attendant must be in attendance at all times that the laundry is open. Mr. Clextion said the laundry would probably maintain approximate hours of 7 a.m. to 10 p.m.

The Rev. Anderson, representing a Lutheran congregation, asked permission to use the Scout House for church services on Sunday morning. The board pointed out to Rev. Anderson that such use would be contingent on whether or not Scout groups wished to use the building on Sunday morning. The Scout groups would have first priority, they said. The Rev. Anderson withdrew his

## Students Vote For Percy, Goldwater

Goldwater and Percy won by narrow margins in the mock election held Monday, Nov. 2, at Antioch Community High School.

The students were more conscientious about casting their ballots than most adults. 742 of the 970 students registered, 700 or 94%, voted. As 68 students were absent from school Monday, Harold Andrews, Social Studies teacher in charge of the election, said it was quite possible those who failed to vote were absent.

The students voted only for president and governor. Goldwater polled 357 votes (50.9%), Johnson 342 (49%). Mr. Andrews commented that when students were polled about a month ago they showed a 3 to 1 preference for Johnson. One vote was cast for Wallace.

Students cast 378 votes (53.9%) for Charles Percy and 314 (41.1) for Otto Kerner for governor. Seven voters did not vote for governor.

Students who served as election judges, vote counters and poll watchers are Harold Knutsen, Janice Sonand, Torrey Yancey, Don Strang, Don Walsh, Tom Honan, Jim McCarthy, Gloria Weighart, John Leavy and Gary Williams, chairman.

Mr. Cribb is at the West Lake Hospital at 137th and Chicago Ave., in Melrose Park. His family reports that his condition is improving, but that he will remain in the hospital for some time.

Life can be pretty grim when you reach 80—especially if there's a motorcycle cop behind you.

## Antioch Casts Heavy Vote; County GOP Win

Antioch precincts, like the rest of the nation, cast the heaviest vote in history in the general election on Tuesday, Nov. 3.

President Lyndon B. Johnson, nation-wide, was returned to the highest office in the land by the largest plurality ever piled up by a presidential candidate. Wednesday morning it appeared that Senator Barry Goldwater would win only 56 votes in the electoral college. Johnson appeared sure of 486.

Heavily Republican Antioch, however, gave the large-

est vote to Goldwater, though the margin of victory was close. About half the precincts in the township gave Otto Kerner a slight edge over Republican Percy.

Throughout the county, the Republican slate appeared headed for easy victory, with the exception of State's Attorney Bruno Stanczak. The race between Stanczak and Ezra D'Isa was a close one. Stanczak is apparently the victor by a margin of 1691 votes.

In precinct 1, 896 votes were cast. This represented

90% of the registered voters, according to Bernard Osmond, Republican precinct committeeman. 314 straight Republican tickets were cast, 222 straight Democratic. Goldwater received 489 votes, Johnson 387. Charles Percy received 439 votes, Otto Kerner 441. Bruno Stanczak, 518 to Ezra D'Isa's 343. Pat Clavey had 568 over Collins, 205.

Precinct 2 cast 766 votes out of slightly over 900 registered. The Democratic vote in this precinct was excep-

tionally heavy, with Republicans holding only a slight margin over the Democrats for most offices. Goldwater, 382; Johnson 371; Percy, 368; Kerner 382; Stanczak, 390; D'Isa, 343.

Republican totals were not available from precinct 3. 411 votes were cast. Democratic totals indicate that for most offices, Republicans held a slight lead. Johnson, 197; Kerner, 187; D'Isa 228.

Precinct 4 voters cast 819 votes out of 919 registered. 247 straight Republican ballots were cast, 208 straight Democratic. Goldwater, 424; Johnson, 382; Percy, 427; Kerner, 376; Stanczak, 420; D'Isa, 364.

Precinct 5 counted 685 votes out of 800 registered voters. Here, also, the vote was split almost evenly between Republicans and Democrats, with the Republicans holding a slight edge, except for president and governor. Goldwater, 327; Johnson 352; Percy, 318; Kerner, 348; Stanczak, 341; D'Isa, 312; Darrow, 328; Chonis, 315.

Republican totals were also unavailable from precinct 6. 814 votes were cast. Democratic totals indicate that Republicans lead in all offices. Johnson, 322 votes; Kerner, 353 votes.

Johnson's total vote in the six Antioch township precincts was 2,011. In the four precincts reporting, Goldwater had 1,622 votes.

Kerner ran slightly better than President Johnson in Antioch precincts, with 2,087 votes. Percy had 1,552 votes in the four precincts on which we had totals.

Robert McClory was assured of return to the House of Representatives, in spite of the victory of Johnson and Kerner. State Senator Robert Coulson was also a popular Republican vote-getter, winning over Democrat John Green easily.

Results of the election-at-large for the State Legislature will not be known for several days. The ballot boxes containing the orange ballots were taken to the county courthouse, where counting will proceed for 24 hours a day until completed. Eighty-eight counters, 44 Democrats and 44 Republicans, will work in shifts to count the votes for legislators at large.

## Withholding Tax Problems To End

The second stage of the 1964 tax cut which will become effective January 1, 1965 should end the under-withholding problem for many taxpayers, it was pointed out today by E. C. Coyle, Jr., District Director of Internal Revenue.

Personal income tax rates will range from 14 to 70 percent for 1965 compared to the 16 to 77 percent range of 1964.

Director Coyle said that the 14 percent withholding rate on wage and salary payment adopted in 1964 will remain the same in 1965.

Some taxpayers will be underwithheld on 1964 tax payments because the lower withholding rate went into effect earlier than the final tax rate reduction. Mr. Coyle said that for many lower income taxpayers this under-withholding problem should be eliminated in 1965.

Withholding on wages and salaries is designed to put the majority of taxpayers on a "pay-as-you-go" tax basis. For middle and upper income taxpayers, increased withholding, or quarterly payments of estimated tax, are generally necessary to keep them on a current tax basis.

## Report Not Mailed By Crime Com.

The Lake County Crime Commission last week disavowed any connection with the wholesale distribution of its Bulletin No. 2.

Robert Fischel, operating director of the commission, said it had been brought to his attention that numerous copies of the bulletin had been mailed out to Lake County residents.

Bulletin No. 2 contained criticisms of State's Attorney Bruno Stanczak for not presenting a strong enough case to the Grand Jury.

The following statement was issued by members of the Crime Commission: "It has come to the attention of the Lake County Crime Commission that a considerable number of the Commission's Bulletin No. 2 have been reprinted and are being distributed throughout the county. The original distribution was limited, generally to members and did not exceed more than approximately 75 copies.

The reprint does not bear any identification as to who ordered the printing and distribution. It was not ordered by the Commission.

The Lake County Crime Commission by its By-Laws and by virtue of its Income Tax status, is a non-political, and a non-partisan agency. It is the intention of the Directors and Officers of the Commission to uphold that provision of the By-Laws and maintain its status. For this reason, we believe it should be made clear as to the conditions under which the copies of our Bulletin No. 2 were distributed to the public."

## Amendments Need Majority to Pass

Voting on the two state Constitutional ballots included in Tuesday's voting is still in doubt, as of Wednesday.

The Yes votes were leading the No votes, with many voters not voting on the propositions. A majority of the total votes cast in the state is necessary to pass the amendments.

Early returns showed the vote about 2 to 1 in favor of the amendments, among those voting on them.

A businessman sought to borrow \$100,000 from the bank. "That's a lot of money," said the bank president. "Can you give me a statement?" "Yes, said the businessman. "I'm optimistic."

Witnesses were ordained to the ministry. Now that convention activities are concluded, the Antioch congregation will again resume its regular meeting times.

## Builds, Exhibits Cloud Chamber

GLEN OFTEDAHL with the Wilson Cloud Chamber which he exhibited in Chicago recently.

Glen Oftedahl, Antioch High School sophomore, seems to be headed toward a life as a Nuclear Physicist.

When Glen exhibited his Wilson Cloud Chamber at district and state Science Fairs last spring, he received a rating of first place, and an invitation to exhibit his project at the National Electronics Conference and Exhibition at McCormick Place in

Chicago this fall. His cloud chamber joined the many exhibits there on October 19, 20 and 21.

Approximately 300 exhibitors participate in the National Electronics Exhibition. They include leading electronic equipment producers, University exhibits, U. S. government exhibits, and National Science Fair Student exhibits.

The students who participate include students from the Illinois Junior Academy of Science and JETS Junior Engineering Technical Society. Ten to fifteen high school students had exhibits each day.

A cloud chamber is a device used by Nuclear physicists to make visible the paths of atomic particles. Glen built his chamber last year. It will be used with new equipment in future projects.

Glen intends to attempt to build a Cockcroft Walton accelerator to accelerate ions to high velocity. A miniature cyclotron is his goal for a senior year project.

## Mrs. Sittler Injured In Car Accident

Mrs. L. V. Sittler, Antioch, was injured Monday night in a car accident on Lewis Ave. in Waukegan. She is in Zion-Horton Hospital with head and arm injuries.

Mrs. Sittler was a passenger in a car driven by Mary Baehler, Antioch. When the car in front of Miss Baehler stopped, her brakes failed to hold on the wet pavement. She swerved to avoid hitting the car in front of her, and was hit by a car coming from the opposite direction. Miss Baehler was not injured. The two women had been shopping in Waukegan and were returning home at the time of the accident.

### Compare State Taxes

How do Illinois taxes stack up with those levied in other states? Not too bad, according to a survey recently made by Changing Times magazine.

Illinois Sales Tax is fairly high — 3 1/4%, plus 1/2% in most cities and counties. Most states with a comparable sales tax exempt food, except for restaurant meals.

Alabama has a 4% sales tax; Pennsylvania, highest in the nation, has 5% tax. However, Pennsylvania exempts food, prescriptions and most clothing.

Alaska, Delaware, Idaho, Massachusetts, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, New York, Oregon and Virginia do not have a sales tax. However, all of these, except Nebraska and New Jersey have a state income tax. Many of the states have both sales and income tax.

Illinois state tax on cigarettes and gasoline is among the lowest in the nation, also. Illinois residents pay 4c a pack in tax on cigarettes, and 5c a gallon gasoline tax.

Highest cigarette tax is in Mississippi, 9c a pack. Several states have an 8c tax. Oregon and North Carolina have no cigarette tax. Five states pay 5c tax on a pack, ten pay 6c, seven pay 7c and 14 pay 8c.

Five other states have a 5c tax on gasoline, as does Illinois. Nineteen states have a 6c tax, and 18 have a 7c tax.

Illinois has so far avoided an income tax. More than thirty states now impose a state income tax, with deductions and exemptions varying greatly. Many states impose both a sales tax and an income tax.

Principal argument for income tax over sales tax, is that the sales tax hits the person least able to pay it, the low-income wage-earner whose salary goes almost entirely for living expenses such as food and clothing.

Ultimately the test as to whether or not you're over-taxed is determined by what you get for your money. The lowest taxes in the nation could still be too much if taxpayers received no benefits from them.

### Courthouse Notebook

BY LOU DURKIN

Now that the general elections are over, although they are still counting ballots in the State Representative race in some areas, perhaps now would be a good time to take a long look at our election procedures in Lake County.

Isn't it really about time serious consideration was given to the use of voting machines in all elections in the county?

The county could purchase, store, and maintain the voting machines and offset the cost by renting the machines to other municipal units such as cities, townships, and school districts.

The cost of printing paper ballots and the added overtime pay for judges and clerks who must spend long dreary hours counting paper ballots would be eliminated and accurate counts of the votes could be completed in two or three hours.

There is nothing sacrosanct about the paper ballots just because they have been used since voting began in this country.

One of the arguments used against the machines is that it is too difficult to teach voters to use them properly, but if a voter can't be taught to pull the proper lever perhaps he shouldn't be allowed to vote anyhow.

The argument has also been advanced that the machines can be rigged or tampered with, but we can't recall ever hearing about a voting machine being lost or disappearing between the polls and the courthouse.

There are many safeguards built into the machines and barring collusion between the judges and clerks the poll of-

ficials should be able to guard against hanky panky with the tabulators.

Unquestionably the cost would be high, but it seems as though this would be money well spent by the county.

Of course no machine, unless it would be the Democratic machine, could do anything about our recent at-large election of legislators.

Another area in which reform is long overdue is the organization of the county central committees of the two major parties.

With well over 200 precincts now established and many more to be set up before the next election it would seem advisable for Lake County to go to a township organization with a committee organization with a committee elected to the central committee from each township.

This committee in turn would appoint precinct captains and workers and be responsible for the organization of his township.

A central committee of 225 members is unwieldy and inefficient and with 225 precinct committeemen none of them has the prestige and importance he should have.

There have been rumors drifting around that former Sheriff Stanley M. Christian might come out of retirement to run for the office again in 1968 and he certainly looked like a candidate at the testimonial luncheon given for State's Attorney Bruno W. Stanczak at the NorShore Resort near Antioch last week.

### Letters to the Editor

WHY I WILL VOTE "YES" AT THE NOVEMBER 7TH, 1964 GRASS LAKE SCHOOL REFERENDUM.

There are two proposals to vote on: first the Building Program, second the Educational tax increase.

There are many reasons for this building program, but first—for the proposed amount of \$139,000, the Board of Education expects to build and furnish four classrooms and washrooms and also an auditorium-gym. These are basic needs and will be constructed with simple lines and methods to keep costs down.

Why these needs?

The projected increase in enrollment was estimated last year at about 10 students per year. In five years this would amount to 50 students. However, this course has been changed by an increase this year of 30 students, and a possible 15 next year. In five years this would amount to approximately 90. This year it was necessary to divide the second grade into two classes and use the old schoolhouse. If this had not been done, a class overload would have existed with inadequate conditions for teaching a primary grade.

RIGHT NOW—there is a definite need for additional classrooms. The need of space for a kindergarten, music room, visual aids and library is pressing.

The Auditorium - Gymnasium is needed to fulfill the requirements of the State School Code, and to provide physical education which in the past has been offered on a very limited basis. It is true that we have plenty of ground for outdoor play, but what about the five months of cold weather? No classroom or hall was intended to be a Gym. This area would also serve as an auditorium which would include a stage. Your children would be able to show off their talents at school programs.

This is an important part of preparing children to meet the public, to learn to speak and stand before an audience. Ample room for school assemblies and graduation exercises would complete a well rounded educational program.

Perhaps some people have objections to past building programs, but the fact remains that it is up to you to improve the present structure to provide adequate facilities for a good education for your children. Of all the taxes levied, school taxes benefit the community most directly, because they stay in our district.

What about tax increases? The original building bonds will be paid in full before the bonds issued for the new addition become effective. At that time a tax increase of approximately 12 cents per one hundred dollars of assessed valuation can be expected. For instance—for a home assessed at \$5,000 this would amount to an increase of \$600 per year for approximately 12 years, depending upon the bond market at the time of sale. Please refer to your tax bill for your assessed valuation. This will be far less than the actual sale value of your property.

Second Proposition: Why an Educational tax increase? With the increased enrollment, expenses have also increased. (This year a deficit of \$5,000 existed at the close of the fiscal year.) It has been over ten years since an increase in the Educational tax has been requested. Also for ten years this district has operated in the black. However, again at the end of this fiscal year a deficit of approximately \$22,000 can be expected.

Now the Board of Education is asking for an increase of 18 cents per one hundred dollars assessed valuation. This means that if necessary to operate this district, a levy of up to 83 cents per one hundred dollar assessed valuation may be levied. Example—On a building with an assessed valuation of \$5,000, this would amount to an increase of \$890 per year. As it stands Grass Lake School has the lowest Educational tax of any district in the county. It is now operating at the minimum tax rate of 65 cents.

Question: Why an increase in the Educational tax when the overall school tax, in this district, went down 7 cents per one hundred dollar assessed valuation for 1963?

Answer: The Educational levy stayed the same, but the cost of operating the building was less—this lowering the overall tax obligation.

In conclusion, you should vote "Yes" for EDUCATION. Insure the future of your children and your country.

If you have any question please refer them to the school principal or a school board member.

Dr. Rich-

master John Daly were content to wave from their seats, Christian bounded to his feet and gave the guests the big "Hello."

It isn't beyond the realm of possibility that Coroner Robert H. Baxcox would team up with Christian in the campaign and then go into the sheriff's office as Chief Deputy as the first step in a return to active political life.

This could develop into quite a horse race if Christian gets into the contest against Chief Deputy Norris Froelich and Captain Harold Scheske, both of whom are expected to be candidates for the office now held by Sheriff Charles Larson.

There are many safeguards built into the machines and barring collusion between the judges and clerks the poll of-

### ALONG THE WAY with Annie Mae

By the time you read this, the 1964 election of the President of the United States will be past history, and we will all be settling down to the business of remaining the strongest free nation in the world. Regardless of the outcome of the election, we are sure that every citizen will lend his hand, heart and heart to keeping this the United States of America.

THE LATEST REPORT: The cleverest sight we saw Halloween was the group of adults made up like Snow White and the Seven Dwarfs, when we saw them they were marching down Main St. whistling "Whistle While You Work." ... would have given you recognition for your work, but your disguise was too perfect! ... another bird-watcher reports from Channel Lake: Mrs. Frank Ehrhardt writes us that she feeds our friend the albino Purple Grackle regularly, too! Say, he really gets around, doesn't he? ... no, those aren't the Smith Bros. you have seen behind the beards, they're just brothers of the brush, Vic Lubkeman and Bill ...

NOTES TO YOU: We sure didn't envy Wayne Polsgrove and his two companions, who had a ghoulish vigil last Saturday night ... Dr. Rich-

ard Carluel proved he believes in America first when he left his hospital bed (after being injured in a recent auto accident) to make his vote count! ... Miss Alice Smith escorted to the polls by Mrs. William Petty must, we are sure, have been the oldest registered voter to appear at Precinct 1: The Mother-Daughter teams of Vicki Wilton and Ann Kakasek doing some electioneering last week were attractive enough to convince most folks they'd rather switch than fight with such beauty.

THE LAST DROP: Well, we checked and checked into the Black Panther rumor, and about all we could find is that some woman in Paris Twp. (in Wise) spotted a vague black object as large as her dog rummaging in her garbage. Up to now there are no founded reports of a missing denizen of the jungle. ... Bob Cheslham has been checking the license bureau hours, and I don't mean driver's!

DID YOU HEAR: About the Barry Goldwater doll? You wind it up and it keeps walking to the right until it hits the wall, and then it starts singing "You Gotta Have Heart."

Heartily yours, Annie Mae

### Auditor Reports On Municipal Finances

Michael J. Howlett, state Auditor of Public Accounts, has begun distribution to city and village finance officers of copies of the annual statewide summary of municipal finance in Illinois for fiscal years ended in 1963.

The book summarizes reports on income and expenditures submitted to the auditor under the Illinois Municipal Audit Law.

Tables are listed, grouping the municipalities by size of population, so that any interested citizen can quickly compare the fiscal transactions of his own municipality with others of similar size.

The smallest municipality listed in the summary is Panola, in Woodford county, with 43 inhabitants.

The city of Chicago is exempt from the Municipal Audit Law and is not listed in the summary. The largest municipality listed is Rockford, in Winnebago county, with 128,075 inhabitants.

Rockford has an aldermanic form of government, and does business on a cash basis.

Expenditures also are classified and listed, including police protection, fire protection, street lighting, recreation facilities, garbage disposal, payments on bonds, etc.

Study of the statistical tables in the summary disclose striking differences between the fiscal operations of different municipalities of the same size.

For example, the community of Alto Pass, in Union County with 323 population collects \$822 in sales taxes.

Oakbrook, in DuPage County, with 324 population, collects \$234,900 in sales taxes. Oakbrook, just west of Chicago, has a big shopping center.

The fiscal structure of Calumet City and Highland Park, municipalities of roughly the same size, are examples of variance. Calumet City draws \$124,680 from liquor

approximately \$22,000 can be expected.

Now the Board of Education is asking for an increase of 18 cents per one hundred dollars assessed valuation. This means that if necessary to operate this district, a levy of up to 83 cents per one hundred dollar assessed valuation may be levied. Example—On a building with an assessed valuation of \$5,000, this would amount to an increase of \$890 per year. As it stands Grass Lake School has the lowest Educational tax of any district in the county. It is now operating at the minimum tax rate of 65 cents.

### Navy Recruits Give Blood To Make Life-Saving Drug

FOR A GOOD CAUSE — Kenneth W. Huffman donates his pint of blood for the life-saving drug, Vaccine Immune Globulin. He and more than 1,000 other recruits helped in the joint Navy-Red Cross effort.

Navy recruits at Great Lakes had the opportunity over the past weekend to put their blood to work in an unusual way as they contributed 1,072 pints of blood to be used to prepare the life-saving drug, Vaccine Immune Globulin. The blood collection was part of a joint Navy-Red Cross effort.

The drug, VIG, as it is commonly called is used to fight severe, although rare, infections which sometimes develop after smallpox vaccination.

Since the blood used to produce the drug must come from persons recently vaccinated for smallpox, Great Lakes and other selected military installations have been cooperating with the American Red Cross to fill the requirement.

This most recent blood collection in the Recruit Training Command at Great Lakes marks the third time in the past 13 months that Great Lakes Navyman have contributed. In the two previous collections more than 2,000 pints were collected, making a grand total to date of over

3,000 pints. After overnight storage at Great Lakes, the blood was shipped by air from the Glenview Naval Air Station for transshipment from Willow Grove Naval Air Station, Pa., to a private contract laboratory at New Brunswick, N. J. for processing into VIG.

Participants in the most recent blood collection included the Naval Administrative Command medical department, the Navy hospital and Navy Medical Research Unit No. 4, all of Great Lakes, local Red Cross volunteers, and a Red Cross unit from

"Oh, I really don't know, dear," replied Jane, "but I suppose it wouldn't look too bad on a white tablecloth."

## ALL ABOUT BABIES...

A Public Service of the  
National Baby Care Council

**BABY'S FEET**  
By Dr. Marvin D. Steinberg  
Research Podiatrist  
New York, N.Y.

At birth, there are no completely formed bones in the human foot. The twenty-six bones-to-be-exist in the form of cartilage and grown centers. This accounts for the softness and pliability of baby's bones and their susceptibility to pressure alterations.

The little fat pad under baby's feet sometimes gives an appearance of flat footedness. This is entirely normal and as weight bearing begins and exercise increases, the fat pad is absorbed and the normal arch forms. The time to first take care of the feet is in babyhood when the bones are forming and the muscles are developing. Baby's feet must be carefully watched and guarded during this period when the bone structures, soft and incomplete as they are, can be bent, warped and misshapen and the feet deformed and weakened.

Foot pains in the young child usually are of passing significance, often due to normal growth and muscular development. However, a pain that persists for more than a few days should be called to the attention of a podiatrist or a physician. There are some illnesses that affect the feet and some apparent foot conditions that are not foot problems at all. The following ten pointers for baby foot care are listed with the knowledge that many foot troubles seen in later life are fully preventable when properly treated in childhood.

1. Inequality in the size, shape or movement of the limbs should be checked by a podiatrist or a physician.
2. Tight booties, socks or shoes should be avoided.
3. A noticeable limp or swelling should be brought to the immediate attention of the family podiatrist or physician.
4. Pulling a child by a

leg or spanking a child over the hips may injure sensitive growth centers.

5. Shoes that lace up to or above the ankle may prevent normal bending of the foot. If high shoes are worn, do not lace the upper three eyelets as they restrict normal function.

6. Baby's shoes should not be fitted by x-ray or fluoroscope.

7. Walking aids encourage bowlegs and other deformities.

8. Use a bland soap for bathing baby's feet. Dry between the toes carefully and apply a little corn starch or bland powder.

9. Permit the normal baby to crawl and walk without shoes, whenever it is safe and practical, over carpeted floors, sandy beaches and soft grass.

10. Wedges, inserts and special shoes should be bought only when prescribed by a competent foot specialist.

Miss Margaret Paulsen and Charles Taylor of Evanston were dinner guests of Mr. and Mrs. William Paulsen Friday evening.

Mrs. Frank Hauser was an overnight guest of Mr. and Mrs. Elmer Hauser of Waukegan Saturday evening.

## Army Helps Advance Musical Careers

High school graduate bandmen may advance their musical career and fulfill their military service at the same time, according to Sgt. Arthur R. Nelson, the local Army representative.

At present, vacancies exist in Army bands at Fort Carson, Colo., Fort Benjamin Harrison, Ind., Fort Leonard Wood, Mo., Fort Riley and Fort Leavenworth, Kans.

Senior high school bandmen may make reservations in advance to be held for a specific time after graduation. Current openings are also available to bandmen who have graduated.

To qualify, a man must meet voluntary enlistment requirements and prior to acceptance for enlistment be additional on his principal musical instrument.

Within each Army band there are musical groups which take part in regular band duties on post and may include concerts, special events, and appearances on radio and television programs.

Complete details are available from Sgt. Nelson, by visiting him at his office located at 620 Washington Street in ON 2-5260.

## COULSON, McCLOKY LEAD GOP TICKET IN ANTIOCH VOTE

Antioch Township voters gave the edge to Republican candidates for State offices, but Democrats won the statewide voting with clear majorities.

Samuel H. Shapiro, D., was elected Lieutenant Governor; Secretary of State, Paul Powell; Auditor Michael Hawlett; and Attorney General William G. Clark were all winners over their Republican opponents.

Robert Coulson, State Senator, and Representative Robert McCloky, both Republicans, ran well ahead of the leaders on their ballots in Antioch precincts. Both were returned to office.

LaVergne A. Dixon and Philip W. Yager, candidates for judge of the circuit court, drew heavier votes in Antioch than Republican Mortimer Slinger.

## Train Jobless As Mechanics

Foreign cars of all makes will be studied in detail over a period of 48 weeks by trainees in a federal government program for the unemployed and underemployed in the Chicago area.

The training program is free and is the tenth in auto mechanics financed under provisions in the Manpower Development and Training Act and co-administered by the Illinois Board of Vocational Education and the Illinois State Employment Service. The placement of graduate trainees of previous classes has been very good, according to Walter E. Parker, Superintendent of the ISES. He stated that everyone so far who has completed the course, and who requested placement, has been placed in jobs in the automotive field.

The present specialized course in auto mechanics was set up by the MDTA committee at the request of foreign car dealers in Cook and DuPage counties who need qualified mechanics familiar with Renault, Volvo, Mercedes-Benz, SAAB, MG, Fiat Porsche, Jaguar, Alfa Romeo, and other foreign make cars.

Chicago area residents, interested in becoming foreign car auto mechanics, should register immediately with the Illinois State Employment Service at its General Industrial office, 321 South State Street. There is no age limitation, and while some high school is preferred it is not mandatory. Besides the free schooling, which will be given at Washburne Trade School, 31st and Kedzie, some applicants may be eligible for an allowance while in training.

## Celebrates 100th Birthday November 6

Mrs. Emille Grupe, a resident of the Lutheran Home and Service for the Aged, Arlington Heights, will celebrate her 100th birthday on November 6.

A life-long resident of Illinois, Mrs. Grupe lived in Elgin since the turn of the century where she was a devoted member of St. John's Lutheran Church. She moved to the Lutheran Home in Arlington in 1960.

Mrs. Grupe was the subject of state and national publicity four years ago when at age 96 she outlived the mortality table of her life insurance, one of a few people in the state who have done so.

She was the sixth member in the history of the 62-year-old fraternal life insurance society to collect her own insurance.

Mrs. Grupe is the mother of three sons and one daughter, of which the sons are still living.

## COFFEE BREAKS

"Coffee breaks are not new. Scrounging through our collections of aids for the production of this column we find this bit of information:

"Advertising has come a long way. Go away back to 1657 and you'll find an English Newspaper advertising coffee breaks:

"Wrote the inspired copy writer: 'In Bartholomew Lane on the backside of the Old Exchange the drink called coffee, which is a very wholesome and physical drink, has many excellent virtues, closes the offices of the stomach, fortifies the heat within, helpeth the digestion, quickeneth the spirits, maketh the heart lithe-some, is good against eye-sores, coughs or colds, consumption, headache, dropsy, gout, scurvy, King's evil and many others; is to be sold both in the morning and at three of the clock in the afternoon.'"

"With the spring fever season almost upon us we wonder what the coffee break will do for that. The air will be beneficial if the coffee isn't."

Even seasoned drivers may not know all they should about careful passing. When you are going to pass, it is essential that you know how to judge the distance and the speed you'll need to get safely around the car ahead.

For instance, to pass an outdo doing 45 miles an hour, you should do 60 mph. And you'll need about one-quarter of a mile to make a safe passing maneuver. After you have passed the car ahead, guard against a tendency to slow down too quickly.

Bad manners can be fatal if they occur behind the wheel of a car. The discourteous driver who tries to get away with something in traffic too often succeeds only in hurting himself and innocent victims. Common courtesy pays off in safe driving.

Directional signals are great aids in informing other drivers of your intention to turn. But if the turn is gradual, be sure your flashing lights are off after the turn. Never have your directional signals flashing after you have completed your turning maneuver.

## NI-Gas Reports Earnings in 1964

In the quarterly statement to stockholders (Nov. 1), Northern Illinois Gas Company reported earnings of \$2.05 per share for the 12 months ended September 30, 1964, and revenues of \$181,384,360, which compares with \$2.01 per share and \$179,611,084 in revenues for the period ended September 30, 1963. Earnings are adjusted to reflect the recent 3-for-2 stock split.

Marvin Chandler, NI-Gas president, told stockholders that the utility's peak day gas supply for the coming heating season is about 14% more than last year. To supply the energy needs of the company's 850,000-plus customers in a 24-hour period averaging 7 degrees below zero would require about 1.6 billion cubic feet of natural gas. NI-Gas will have about 1.8 billion cubic feet available.

Chandler said that a new subsidiary, NI-Gas Energy, Inc., is aiding in the sale of large-volume gas equipment, particularly in gas engine and turbine applications to promote the total gas energy concept. It also will assist NI-Gas in the expansion of heating, air conditioning and other markets.

Another new subsidiary, Apple River Chemical Company, has started building an ammonia manufacturing plant at a location bordering the Mississippi River near East Dubuque, Illinois. The Lummus Company of New York is supervising construction.

Both subsidiaries were formed earlier this year after approval of the Illinois Commerce Commission.

## A DOG'S LIFE

A French poodle met a Russian wolfhound on the Champs Elysees in Paris.

"How are things in Russia?" asked the poodle.

"Fabulous," the Russian replied. "I sleep in a solid gold dog house on a sable carpet, and all day long, they feed me caviar."

"Well," asked the poodle, "if things are so good in Russia, why do you come to Paris?"

The wolfhound leaned forward and whispered confidentially. "Well, sometimes I like to bark."

## Hospitals Elect '65 Officers

New officers for the coming year were elected at the annual meeting of the Illinois Hospital Association at the Hotel Pere Marquette in Peoria, on October 29 and 30.

Donald J. Caseley, M.D., medical director of the University of Illinois Research and Educational Hospitals in Chicago, took office as president of the Association.

John M. Danielson, executive vice president of Evanston Hospital, Evanston, was named president-elect of the Association and will take office at the annual meeting to be held next November in Chicago.

Mortimer W. Zimmerman, of Skokie, executive director of Louis A. Weiss Memorial Hospital, Chicago, was elected treasurer.

Elected to the Board of Trustees for a three-year term are Msgr. James V. Moskow, assistant director of Catholic Hospitals, Archdiocese of Chicago; George K. Hendrix, administrator of Memorial Hospital, Springfield; Norman A. Brady, director and vice president of Presbyterian-St. Luke's Hospital, Chicago; and John M. Stagl, director of Passavant Memorial Hospital, Chicago.

Named as delegates to the American Hospital Association are Msgr. Clement Schindler, director of Catholic Hospitals, Diocese of Belleville, and Dr. Caseley.

Named as alternate delegates to the American Hospital Association are Mr. Danielson and Anthony J. Perry, administrator of DeCATUR and Macon County Hospital, DeCATUR.

The Illinois Hospital Association is a voluntary organization of over 300 licensed hospitals throughout the state. Its primary purpose is to improve hospital services to Illinois citizens.

## Taps—or Reville

The draftee was awakened roughly by his platoon sergeant after the rookie's first night in the army barracks. "It's four-thirty!" roared the sergeant.

"Four-thirty?" gasped the recruit. "Man, you'd better get to bed. We've got a big day tomorrow."

## Abbott Lab Earnings Up

Nine months sales for Abbott Laboratories rose 8.4 per cent and earnings increased 14.7 per cent to reach new highs, it was announced by George R. Cain, Chairman of the Board and President.

Sales for the nine-month period rose to \$158,539,000, compared to \$146,279,000 in 1963, while earnings increased to \$17,227,000 from \$16,025,000 a year earlier. Earnings were equivalent on a per share basis to \$1.31. They were \$1.15 in 1963.

Third quarter sales increased 5.9 per cent to \$54,548,000 from the previous record total of \$51,706,000 in 1963. Earnings rose 3.7 per cent from \$6,427,000 in 1963 to \$6,665,000 this year. They were equivalent to 51 cents a share compared to 49 cents in 1963.

Third quarter results were attained despite the diversion of a considerable portion of our sales force to a reinspection of our hospital solutions stocks, Mr. Cain said. "October sales to date are running well ahead of a year ago."

Zeien, the son of Mr. and Mrs. Paul Zeien, Jr., Ill. 3, Antioch, is a second-semester Junior mathematics major at Blackburn.

Blackburn's "Beaver" soccer squad ended the season with the best record posted in soccer history at the college—5 wins, 1 tie and 1 loss, said Coach Smith. Soccer is the only fall sport the college participates in.

Lee La Plante, a freshman, and Paul Worsley, a sophomore, both of Antioch, are enrolled at the University of Wisconsin at Stevens Point for the first semester of the 1964-65 school year.

## LAKESIDE REBEKAH LODGE NO. 82

By Del Jahneke

Mrs. Clarence Larson and Mrs. Eldon Gordon have returned from attending the State Assembly of the I.O.O.F. and Rebekahs, held at the Illinois State Armory in Springfield on October 20 and 21.

Mrs. Larson and Mrs. Gordon both enjoyed special honors, since Mrs. Larson was an elected delegate to this state assembly, and Mrs. Gordon was an escort to the State Assembly president, Mrs. Mildred Black of Highland Park.

The Methodist Church held special church services for the large assemblage. Mrs. Gordon and Mrs. Larson made separate visits to the I.O.O.F. and Rebekahs Children's Home in Lincoln, Ill. This children's home is open to children who are wards of the court.

On October 23, Mrs. Harold Ellis, Noble Grand, was the guest of the Waukegan Lodge Noble Grand, and Mrs. E. Gordon was a guest of the Financial Secretary of that lodge, also, on the occasion of that lodge's "guest night."

## ANTIOCH AMERICAN LEGION AUXILIARY

By Del Jahneke

Mrs. Charles Gill, State Membership chairman, believes that in order to carry on the tremendous and worthwhile work of the American Legion Auxiliary, it is necessary to contact and enroll as many eligible women as possible. Mrs. John L. Horan, Sr., Antioch Unit president, extends an invitation to all eligible women to join now in the interesting and vital activities of the coming year.

Mrs. Walter Hills, Unit Membership chairman, states that one of the major programs of the American Legion Auxiliary is the great task of caring for the disabled veterans of World Wars I and II, and the Korean hostilities, who are hospitalized, and assisting thousands of other veterans to regain a place in civilian life again.

According to the State president, Mrs. Charles Boyd of Beardstown, "the truly happy women in the world today are those who have sought and found a way to serve others."

## Sale of Savings Bonds in July

Lake County residents purchased a total of \$387,189 in series E and H United States savings bonds in September, according to Philip L. Speidel, Lake Forest, Ill., general county chairman of the savings bonds committee.

Total sales for both series in the state of Illinois were \$27,424,395, according to Arnold J. Ruten, state director of the Treasury Department's savings bonds Division. This is 5.8% below sales in September of 1963. In the first nine months of this year 75.5% of the state's annual quota of \$355,500,000 has been reached, and Illinois purchases in September represented 7.6% of national sales which were \$358,000,000.

# HISTORY OF ACHS

(continued from last week)

The first addition to Antioch High School was completed in 1927. The Antioch News of Sept. 9, 1928, says that 145 students had registered for the opening of school that year.

Conditions at the school were so crowded that the gym was being converted into classrooms until the new addition, under construction, at the time, would be finished.

The second addition to Antioch High School was completed in 1952. At that time

the gym was converted into an auditorium and a new gym built. Improvements were made in the girls' gym, the cafeteria and some classrooms. The main entrance of the building was closed, and a new main entrance installed in the new addition.

The latest addition to the High School was completed in 1962. Before the referendum for that addition was presented to the voters, there was an intensive campaign to purchase property at the corner of Deep Lake and Loon Lake Roads, and erect a separate building. The long-range view was to eventually convert the old high school into a junior high school.

The proposition was defeated at the polls. Voters approved an addition to the original high school.

The building now houses nearly 1,000 students—987 at last count. Next year's enrollment is expected to go over the 1,000 mark, the approximate capacity of the school.

## Toy Gun Is Danger To Tot's Eyes

Children have found a new menace to their eyesight in a Japanese manufactured, plastic, spring action, toy gun which can shoot as many as 100 plastic pellets or dried peas without reloading, according to Frank F. Fowle, president of the Illinois Society for the Prevention of Blindness.

These toy guns, known as "Sekident Automatic Sap. 50", are available in novelty stores, variety stores and hobby shops all over the State and cost as low as 30c a piece.

Advertising material accompanying the guns contains the statement "In case it hits a person it is harmless." The Society claims this may be true if the person were hit anywhere but in the eye. However, the force of the

spring action is great enough for the pellet to destroy an eye if it should hit one.

The gun is small enough to be carried in a pocket where it might not be noticed. Parents and school teachers are urged to be on the alert and see that children do not have it or play with it.

The president of one of the largest distributors was contacted and advised of the danger to children's eyes. His immediate reaction was genuine concern and a promise to return his supply to the importer. "No profit is important enough to be earned at the expense of a child's safety," was his comment.

Possession of such a firearm and discharging it is against a municipal code in many communities of the State and the police can confiscate this dangerous toy. Those communities lacking such a control may have a more difficult time if store owners persist in selling these guns.

An appeal is made to all

local chambers of commerce to discuss the danger of this toy with store owners who might stock such merchandise and request that they stop its sale. No one would

consider that the few pennies profit is worth a child's eye. The Illinois Society for the Prevention of Blindness is concerned with eliminating this toy gun from the State

before any child is injured or suffers blindness. For educational folders on children's eye health and eye safety, write to the Illinois Society for the Prevention of Blind-

## ESO Workers Buy U. S. Savings Bonds

Chicago—Rear Admiral Howard A. Yeager, USN, Commandant Ninth Naval District presented the Treasury Department's coveted "Minute Man Award" flag to Captain Kenneth M. Beyer, Supply Corps, USN, Commanding Officer of the U. S. Navy Electronics Supply Office in brief outdoor ceremonies at the Great Lakes activity on October 29.

Admiral Yeager congratulated Captain Beyer and Captain Ralph G. Leedy, SC, USN, Executive Officer and Chairman of the ESO Savings Bond drive, for the Command's success in attaining participation by more than 90 per cent of its 1,030 civilian employees in the Savings Bond Payroll Program.

The Electronics Supply Office is the first Ninth Naval District activity to receive the Minute Man Award. The flag will be displayed in front of the main entrance of Building 3400, located on Green Bay Road and Route 137 at Great Lakes.

"I was. And I believe it develops traits that will be important whether you're going to be a ball player or a corporation president.

# Sequoits Chalk Up 13-8 Grid Victory

The Antioch Sequoits struck twice early in the first quarter of their conference game against Round Lake Saturday and then hung on to tack up a 13 to 8 victory before a parents' day crowd.

Round Lake was forced to punt shortly after receiving the opening kickoff and it only took the Sequoits two plays to score. Dave Fabry took a handoff and skirted left end for 14 yards setting up the TD. On the next play quarterback Tom Blackman threw a perfect strike to Terry Schneider good for 23 yards and six points. The PAT failed due to a bad pass from center.

Round Lake took the suc-

ceeding kickoff and fumbled on the very next play giving the Sequoits possession on the Round Lake 27 yard line. Three plays later Dave Fabry broke loose and went 19 yards for the TD. Stan Revell booted the extra point giving the Sequoits a 13 to 0 lead.

Round Lake's only touchdown was set up late in the second period when George Amedio picked up an Antioch fumble and went to the Sequoits four yard line before Bob Flood managed to haul him down from behind.

The Antioch defense held for three downs before Wally Langer plunged over from the one foot line. A pass attempt for the point after

touchdown went incomplete and the half ended 13 to 6. In the second half the Panthers threatened several times but the Sequoit defense rose to the occasion every time and held them to a two point safety.

Round Lake penetrated to Antioch's 9 yard line in the third period and in the final stanza took the ball all the way to Antioch's three yard line before having to give up the ball on downs.

Round Lake mounted another drive in the closing minutes of the last quarter and were on the Antioch 33 yard line before the Sequoits intercepted a pass to halt the drive.

Round Lake's two-point safety came early in the fourth quarter when Bernie Smith, attempting to punt from his own end zone, bobbled the pass from center and was tackled before he could get the kick away.

Coch Roy Nelson praised the boys for a fine defensive game. Bob Flood's effort in chasing down Amedio and keeping him from scoring, and Tyrone Walls' defensive play got special notice. "And this boy Hawkins," Nelson added, "He came off the bench after not playing hardly at all this season and did a real fine job for us."

The Sequoits will close out their season Saturday with a home game against the Wauconda Bulldogs.

## More Ducks this Year in Illinois

Shooting hours begin at sunrise every day of the duck season on all state-operated or managed duck hunting areas, the Illinois Department of Conservation has announced. In the past the beginning hour was noon on the first day of the season.

Duck season began at sunrise, Saturday, Oct. 31, and will end at sunset, Wednesday, Dec. 9.

Hunters must remember to leave one fully feathered wing on any migratory game bird they dress in the field until they arrive home. Ducks and geese are included in this federal regulation.

A census flight over the Illinois and Mississippi River Valleys revealed that there are a few more ducks in Illinois now than during the same period in 1963, the Illinois Department of Conservation has announced.

## Vocalaires At Carmel High

The 15th Anniversary Musical of the Frank G. Hough Company will be held in the Carmel High School Auditorium in Mundelein on November 13, 14 and 15.

The program opens at 8:00 p.m. Entitled "The Best of the Vocalaires," the Vocalaires, under the direction of Arthur Quinn, will feature such favorites as "Moonlight," "Canadian Sunset," "Moonlight in Vermont," "S Wonderful," "Jada," "The Breeze and I," "I Remember You," and many others.

Also featured on the program will be the Art Quinn Instrumental Quintet composed of musicians who have played in big name bands around the country. The Martin Sisters, Folk Singers and soloists.

The Vocalaires is a non-profit musical organization and has raised over \$20,000 for area organizations that provide recreation and guidance for the youth of Lake and Cook Counties. Besides Carmel High School Parents Club, The Vocalaires are sponsored by Libertyville Little League, Rosa Kahn Nursery School, Junior Women's Club, Libertyville, and the Grove School for Handicapped Children.

## Frosh Lose To Round Lake, 13-0

Fumbles and penalties plagued the Sequoit frosh football team Saturday, causing them to take a 13 to 0 loss at the hands of Round Lake.

Frosh coach Gary Allen cited Lynn Robinson, David Blugg, Dan Smith and Chuck Powell for their fine defensive play. The Frosh will play their last game of the season Saturday at Wauconda against the Bulldogs.

## Return Price-Fix Money To Four Schools

Chicago-Illinois Attorney General William G. Clark completed delivery of bleach refund checks to the following school districts in Lake County by mail last week:

Waukegan City School District 01, \$3,473.75; Warren Township High School, Gurnee, \$239.25; Community High School District 115, Lake Forest, \$5,394.25; Spaulding School District No. 58, Waukegan, \$439.25.

Funds distributed represented the final dispersal of refunds to school districts

## NICC Turkey Shoot Sunday

The big TURKEY SHOOT, Northern Illinois Conservation Club's classic shotgun meet of the season, is all set to go off with a bang, Sunday, November 8, at the club's extensive grounds on Highway 173, 3 miles west of Antioch.

Goal of the shooters will be to cart home as many fat young ducks and plump turkeys as their shooting prowess will qualify them. Unsuccessful duck hunters can fill their game bags without regard to legal limits, as they wend their weary way home from the duck blinds, while other hunters can be sure of a target here, whereas a foray into the field may not yield fruitful results, to say nothing of easing the hunting pressure on wildlife, a serious goal of the NICC.

Committee chairmen Bill Wilton and Ernie Di Labio report that the club's traps, the most modern available, after a season of shake-down shooting, are functioning first rate, and can throw birds as rapidly as the fastest shooters can call them.

Arrangements have been made to handle over 800 shooters, a sizeable increase over last year's record breaking 715 gun-slingers who carried home 166 turkeys, ducks and cornish hens. Club officials expect this record to fall Sunday.

Ammunition and hot refreshments will be on tap all

which were represented by Attorney General Clark in an antitrust lawsuit against companies which had fixed prices through conspiratorial action. In all, the attorney general's suit resulted in a return of \$575,000 from six companies which had sold the school districts of Illinois folding gymnasium bleachers.

The Attorney General warned that in every instance where evidence is developed that prices have been "fixed" in the sale of materials and supplies to public agencies and to schools and other institutions, he will file price-fixing lawsuits to recover funds extracted illegally from the taxpayers and the agencies and institutions.

### Of Course Not

A man filling out a form for the immigration authorities was asked his nationality. "You are German, aren't you?" asked the immigration agent.

"No," replied the man, "I'm French. Both my mother and father were French."

"But you were born in Germany," insisted the agent.

"So," the foreigner questioned, "If your dog had puppies in a stable, would you call them horses?"

# SPEAKING TO YOU

By John Burlend

Director of Social Studies,  
Rockford East High School

A Eulogy to John Burlend  
By John R. Van Sickle

"For this is he who was spoken of by the prophet Isaiah when he said, 'The voice of one crying in the wilderness: Prepare the way of the Lord, make his paths straight.' — Matthew, 3rd chapter, verse 3.

Of this verse Dr. George A. Buttrick, former University preacher at Harvard, wrote (in part): 'Matthew seems to have seen in John the Baptist not merely a man like Elijah, but Elijah come to life. There was more than the wilderness to suggest the likeness; the two men were one in spirit and office for both were sent to prepare the way of the Lord.

"In every age this work is required. How can it be done? By changing the conditions that make difficult the entrance of Christ — by lifting the valleys (the poverty that embitters and gnaws) and lowering the hills (the wealth that leaves men in blind pride), by smoothing the rough road (the desolate hardships that canker the soul).

"This crusade of social righteousness will not save men, but it can make them more susceptible to the coming of Christ. The work can be done also by personal example. In this, too, John was a true forerunner. He had renounced in his own life the insincerity of the temple religion and the cur-

rent 'itch for things' and heralded the coming of the King."

Thoughtfully, respectfully, this week I would suggest that our columnist, John Burlend, who died suddenly last week at the untimely age of 50, was somewhat of a twentieth century John the Baptist.

I first came to know him through the Professional Men's Forum of Rockford. It was always a pleasure to visit with him. Many of our conversations were by telephone. We did not always agree but we respected each other's opinions and our right to express them.

When a few years ago John expressed the belief that this area needed to hear a new voice of political opinion, we agreed.

Sometimes he had a bombastic way of saying things. I know that he did this at times to gain attention, to hold reader interest. His chief concern was that people would learn to think, to make their own decisions, and not accept spoon-fed handouts on any issue.

Because he differed with extremists on the Far Right he was unfairly tagged with the label of being a Far Leftist or even a Communist. Such accusations were groundless. Those who knew him best affirm that a more loyal American never lived.

John loved to get into a discussion. He coached debate teams at East High for years.

He wanted people to wake up to the new world bursting around them.

In his classes he was an outstanding teacher. As one of his former pupils told me, "He was like a catalyst in a chemistry experiment. He made us think. I know he said things sometimes just to make our wits get busy."

Furthermore, John was deeply concerned with the crusade for social righteousness. He was distressed by the inequities that seemed to be some men's lot.

His voice will be missed from these columns. His students will miss him. Most of all his family will miss him.

I will speak for those of us who were privileged to know him personally and for those who knew him through his writings. We shall miss crying in our twentieth cen-

## RECEIVES TROPHY

The Third District meeting which was held at the North Chicago Moose home Saturday, October 24 was a memorable one for Arthur Andersen, publicity chairman for Antioch's L.O.O.M. On that night the Third District vice president, Lyle Sorenson, presented Mr. Andersen a trophy which read, "Illinois Moose Assn. 1968-69 — Publicity — Honorable Mention — Antioch."

Arthur's scrapbook, which was placed in competition at the State Convention held in Peoria in September, had received honorary mention and this trophy will add more honor for Mr. Andersen who worked hard and spent many hours putting this book together. He presented his trophy to the Governor of his lodge at their regular meeting on Wednesday evening, October 20.

Morris Bawn, Robert Avery and Charles Bradford, auditor of Mooseheart attended the Third District meeting also.

A smorgasbord was served following the meeting, and also dancing.

PAST AND FUTURE EVENTS

About thirty children were present at the Halloween party at the Moose Home last Sunday. Cartoons were

shown, refreshments were served and clowns Dick Jorgenson and Wally Good performed.

The Adults Halloween party was held last Saturday evening.

A roast beef dinner was served at the Antioch night held at Waukegan Oct. 24. Attending were Governor Ed Petersen and his wife, Seely, Robert Avery and Mr. and Mrs. Robert Hadley.

The Antioch Travel League will take place at Woodstock next week.

CONVOCATION AT WEST BEND

There were 18 girls who received their green caps and 168 women present at this affair which was held at West Bend, Wisconsin. Seventeen chapters were present from Wisconsin, 8 from Illinois and one from Michigan.

Glady's Schroeder of Antioch was green-capped, with Harriett Grewe as her capping officer.

Those attending from Antioch are as follows: Marjorie Hartman, Rosemarie Hadley, Jerri Polson, Gerry Mark, Erna Toft, Jan Maleski, Alice Young, Gertrude Good, E. Jane Meyer and Shirley Gehries. Dinner was served in honor of Glady's and co-workers at the Black Steer

shown, refreshments were served and clowns Dick Jorgenson and Wally Good performed.

A roast beef dinner was served at the Antioch night held at Waukegan Oct. 24. Attending were Governor Ed Petersen and his wife, Seely, Robert Avery and Mr. and Mrs. Robert Hadley.

The Antioch Travel League will take place at Woodstock next week.

CONVOCATION AT WEST BEND

There were 18 girls who received their green caps and 168 women present at this affair which was held at West Bend, Wisconsin. Seventeen chapters were present from Wisconsin, 8 from Illinois and one from Michigan.

Glady's Schroeder of Antioch was green-capped, with Harriett Grewe as her capping officer.

Those attending from Antioch are as follows: Marjorie Hartman, Rosemarie Hadley, Jerri Polson, Gerry Mark, Erna Toft, Jan Maleski, Alice Young, Gertrude Good, E. Jane Meyer and Shirley Gehries. Dinner was served in honor of Glady's and co-workers at the Black Steer

THE ANTIOCH NEWS  
THURSDAY, NOVEMBER 9, 1964

In West Allis, Wisconsin, the award for the week went to the Governor of the Moose Lodge, Ed Petersen.

If washing your car doesn't produce rain, you are having a bad drought. Better try having an outdoor picnic.
